STEP 11

STEP 12

STEP 1: Print pattern out and cut out cat's head along red outline.

STEP 2: Stick pattern with some double sided sticky tape onto the cotton fabric and cut out making the pattern 3 mm bigger than pattern out line (as white dotted line shows in illustration). Remove pattern from fabric.

STEP 3: Lay the first cut out onto another piece of cotton fabric and cut out the second fabric piece. Attach the two pieces with pins and sew them together with a sewing machine using the white sewing silk. Leave a small space that is not sewn as you see in illustration.

STEP 4: Fill the head with some Dacron using tweezers. Sew the opening closed and cut off threads.

STEP 5: Cut 1 m of 0.15 mm nylon thread. Attach the Swarovski Sew-on Stones with some pins onto cat's head as you see in pattern. Sew the nylon thread once through fabric and the through the first hole of Sew-on Stone and knot both nylon thread ends afterwards.

STEP 6: Sew through the same hole four times, then stitch to next hole and repeat to attach the first Swarovski Sew-on Stone.

STEP 7: Repeat step 6 twice to attach second Sew-on Stone and Swarovski Heart Bead. Make 4 back stitches to attach the nylon thread and cut off both thread ends.

STEP 8: Cut 0.5 m of green embroidery thread and fix thread with 4 back stitches which are hidden under Swarovski Heart Bead.

STEP 9: Embroider as you see in illustration and attach the thread at the end with some back stitches and cut off thread ends.

STEP 10: Cut 0.5 m of white embroidery thread and make a stitch to form whiskers. Cut off thread after stitch and repeat to get three whiskers on each side.

STEP 11: Cut 1 m of white embroidery thread and fix thread with 4 back stitches on back side of cat's head and wrap thread five times around headband.

STEP 12: Finish with 4 back stitches as you see in the illustration and cut off remaining thread.
